Designed For Natural Living

The Arc located in trendy Yaletown at 89 Nelson Street was built in 2019 and is located steps to the False Creek Seawall. The building features an incredibly unique architecture with its facade designed to emulate a waving flag. It is equipped with ground-level retail in the newly-created public realm, including the expansive plaza space. A sky bridge connects two concrete towers, and this exquisite building features stunning lighting on the amenity level and a glass-bottomed swimming pool with views of the plaza below. Enjoy world-class dining, shopping, and coffee shops in Yaletown, all within walking distance of the property.

Yaletown was formerly a heavy industrial area dominated by warehouses and rail yards; the area has been transformed into one of the most densely populated and trendy neighbourhoods in the city.
